

Interstate 17 (Black Canyon Freeway) SR 74/Carefree Highway to Anthem Way Widening Project

ADOT Project No. 017 MA 224 H6881 01D

Project Overview

- Construct one general purpose lane and one HOV (carpool) lane in each direction
- Construction of general purpose lane scheduled to start in early 2009 and be complete in 2010*
- HOV lane scheduled in Phase IV (2021-2025)
- Widening will occur into the median, within existing ADOT right of way
- New, rubberized asphalt paving planned for all three lanes each way
- Project design plans are 60 percent complete

**General purpose lane project initially included in Phase IV of RTP (2021-2025) and was advanced to Phase I in 2006 by AZ State Legislature with \$33.1 million in Statewide Transportation Acceleration Needs (STAN) funding*

Your input is important!

- Please take time to view plans and speak with project designers
- Please record your input on blue comment forms and return at sign-in table before leaving meeting
